

INVESTING 101

WHAT ARE MY OPTIONS FOR DIRECTING MY DEFINED CONTRIBUTION ACCOUNT (DC)?

W

hen you became an INPRS member,

you were asked to select the investment funds and asset allocation amounts for the funds in your Defined Contribution Account (DC). Each time money was contributed to your DC, it went into the funds based on the allocations you specified. If you made changes to your investment elections and/

or allocations, the change applied to your existing balance as well as any contributions that would later come into your account.

You can also direct these monies separately. By logging on to your INPRS online account, you can allocate your current DC balance to any of the fund options. Additionally, you may direct any future contributions to a completely different asset allocation.

Members have more options in directing their investments to ensure the mix of funds is more in line with their retirement goals. Detailed information on each of the investment funds available can be found on our website.

This is a great time to look at diversifying your asset allocation. Take the opportunity to invest your DC based on your retirement goals. You may want to

meet with a financial advisor to help you decide which options are best for you.

If you have questions, please contact our customer service center. We can be reached Monday through Friday from 8 a.m. to 8 p.m. EST at (844) GO-INPRS, or feel free to e-mail us at questions@inprs.in.gov with your concerns.
